

Report on functioning of Imperience (2013-2014)

Dear Brothers and Sisters,

We are happy to gather today on this auspicious occasion of the birthday of Pujya Dr. K. C. Varadachari, the 30th day of the month of Varada in the 142nd year of the Lalaji Era.

The centre was started in 2002 with the objective of educating aspirants in the Natural Path. Towards this end we have been conducting introductory courses in Pranahuti Aided Meditation, training programs for abhyasis, workshops, seminars and formal / informal interactive sessions on PAM.

It is gratifying to note the message of the Master is reaching more hearts every day. Abhyasis are visiting the Institute regularly and getting spiritually benefitted and are assisting in our research activities. As part of the preparatory process for assisting aspirants better, Imperience is requesting people who are planning to visit, details regarding the purpose of visit, completed

pind desh tool, basic and detailed evaluations of the commandments. Abhyasis visiting Imperience are also requested to take the inner balance scan and the brain.exe analysis once a year atleast.

Training Programmes for Freshers

The Institute conducts training programs for freshers on Second Saturday and Sunday of every month at most centres. The information regarding the training programmes is done through advertisements and news items in newspapers. Imperience requests abhyasis to inform interested persons about the training programs.

The training program schedule has been revised effective July 2014. The questionnaires used in the training programs have also been modified accordingly. Training centres of the Institute are requested to obtain the latest versions of these by contacting Imperience.

Training programs are regularly held at Hyderabad, Chennai, Mumbai, Tirupati, Bangalore, Pune and Delhi in India, Fremont, San Jose in the United States and London in the United Kingdom.

This year training programs have started to be held regularly at Satkama High School, Kukatpally, Hyderabad.

In all a total of 86 training programs were conducted during the year. In response towards the training programs being conducted, this year 264 persons attended the training programs and of these 117 persons were introduced into the system.

Personality Development program for children ages 15-17

One personality development program was conducted for children aged between 15 -17 years from 3rd May 2014 to 7th May 2014. 8 children attended the program.

The objectives of this course is

- To assist the children in developing a proper goal of life, to achieve stress free living, to assist in developing optimal performance in all walks of life, to develop proper attitudes and values in life

Topics covered in the course were

· Life and its meaning, Goal of life, Role of Meditation in achieving our goal, Activities for improving focus, Time management, Health Management

The children were taught to meditate on supposition of Divine Light in the heart and there was a 30 minutes guided meditation session on each day. Trataka was introduced as a tool for developing focus. The quiz on procrastination was also given to students. Students also took the brain.exe self assessment test to help them understand the style of learning most effective for them.

During the course, children wrote a report on each day articulating their reflection on the topic that was explained. Based on the reports received, all children articulated their understanding of topics like Goal of life, Happiness, Contentment, Moderation and Balance and Peer Pressure. They also reported their feelings after meditation on Divine Light. The reports indicate that they have correctly learnt the technique of meditation on supposition of Divine Light. The major feelings that were reported were happy, peaceful, calmness, freshness and

relaxation.

For successful completion of the course, the children were awarded a participation certificate. The next course is planned for January 2015. Imperience requests abhyasis to inform interested parents about these programs
