Namaste to all My dear brothers and sisters

I would like to talk about below topic and I would like to share few quotes from revered sir KC Narayana sir from his writings:

**Topic :**

**"In comparison to Reality, we are but a drop in the ocean of Almighty and somehow we should try to become a river from the drop"**

As per science our heart size is like a fist (when we close all our fingers of the hand) but it is like a ocean.

In olden days people heart is BIG because they share it what they have and when others suffer, they also feel the same.

As time changes, slowly material world took drastic change in human life and people heart became small tiny like a drop.

We kept God inside the cave of our heart and we present our EGO outside instead we should keep our EGO inside the cave of our heart and present GOD outside.

Now a days people have BIG house, BIG Car but heart size became small tiny like a drop because our heart is filled with full of envy, jealous, hatred, greed and ego so it became narrow heart.

Our narrow heart is like a drop but somehow, we need to make our heart broader like river then the river will merge into the ocean of almighty.

**Story :**

Let me share a small story which I read in newspaper and picked from Mahabharat

As we all know **Karna** called - Dana Veera sura Karna

One day **Arjuna** asked Lord Krishna – why Karna only will be called dana Veera sura Karna , I also donate a lot to people.

**Lord Krishna** told Arjuna you are right. I will give a gold mine to you and donate to the people of the kingdom.

It is announced entire kingdom that arjuna will donate Gold to all the people and people are rush to kingdom to take it

**Arjuna** : started donating gold to the people one after the one and it never ends.

Every day people are coming to take gold and arjuna donating it every day.

After few days, Arjuna gave up and told Krishna I can't do it.

**Lord Krishna** : gave the same gold mine to Karna.

**Karna** : Told the people, take whatever you want and how much ever you want and left from there.

Lord Krishna told Arjuna there is a little selfish while donating you want keep it some gold after donation left but karan didn't do it the same.
